Make a Gift and Get Tax Reduction

If you are a fiscal resident of **France, Belgium, Luxembourg, The Netherlands or Denmark**, you can give directly to RestART Beirut and you will receive a Tax Receipt allowing you to benefit from a Tax Reduction on a portion of the sum given.

For example, for a **French taxpayer**, a gift of 100 euros will only cost the donor 34 euros after the income tax reduction is applied. If the donor pays the wealth tax, the final cost would be 25 euros after the wealth tax reduction is applied.

If you are a fiscal resident of **other European countries** than the ones listed above, you can still benefit from tax reductions identical to those awarded when you give to local charitable organisations, via the **Transnational Giving Europe Network** mechanism.

For example, a **UK taxpayer** in the 40% tax bracket giving £100 can get a £20 tax reduction, so the gift will ultimately be £80. Please contact us for further details for other countries tax reductions.

Corporate Giving

If you are a corporate representative and would like to help, please note that your company also benefits from a tax reduction for any corporate gifts or services provided, depending on the country of domicile of the company .
